

NATURAL CANE SYRUP

Natural cane syrup is a product obtained by the evaporation and concentration of sugarcane juice. This artisan natural sugar comes unbleached and unrefined, drawn directly from sugarcane juices. Thus, all the nutritional elements of the plant, such as minerals, amino acids, and vitamins, remain in the sweet grain heightening its nutritional value.

Our sugar processing is free of any chemical additives typical of refined sugar making, not exposed to sulfation, decoloration, or filtration.

We can guarantee this artisan product has the highest production standards from the field to the table.
